### **Oil painted abstracts**

Years ago I painted at Brown University, and then after I graduated, I continued painting large oil paintings...Abstract Expressionism was "in" at Brown, and I enjoyed painting my own versions. I've not exhibited these, because I've been doing watercolor for many years. However, they are still valid paintings, and because they are very large, I do not wish to bring them all of them to the new, smaller, home.

Above: Abstract 1: Paths of Glory 36" x 42" framed with simple wood panels, as we did back then \$425.
